Jindal Stainless (Hisar) Limited has been engaged in carrying out strategic Corporate Social Responsibility aligned to the corporate philosophy of being a responsible corporate and giving back to society. The Company focuses on achieving the triple bottom line i.e. people, planet and profit.

Although there is no standard definition of CSR, yet the definition articulated by World Business Council for Sustainable Development (WBCSD) is well accepted. The Company is committed to continuously improving its social responsibilities, environment and economic practices to make positive impact on the society.
